RECENT REFLECTIONS.

When the Peoples Party cranks With a tear, With a tear,
Go to fill their rawning tanks
With beer.
Then they curse the robber banks,
And all else without their ranks,
But they do not give much thanks, This year,

-Ed. Little is moving his office to the rooms formerly occupied by Dr. Raub over Case's.

-The little grandchild of M. Nicolay from whose stomach a cancer was removed Monday is getting on nicely.

-Luther Morrison, of Hope, has bought out the Gish & Kellar meat market on Buckeye and will remove to this city.

-Mrs. Brunson, of Solomon, ate Thankegiving dinner with Mr. and Mrs. I. S. Hallam. For 23 years the two families have taken Thanksgiving dinner together,

-- The Fortnightly club met last evening with Mr. and Mrs. J. H. Mahan and spent thoroughly enjoyable hours. The usual program of whist, lunch and conversation was followed. The club meets with Mr. and Mrs. O. L. Moore in two weeks.

Entertained at Dinner.

Hon, and Mrs. J. R. Burton enter tained at dinner last evening a pleasant company of 20 of their friends and neighbors. After the repast cards and conversation occupied the hours. The affair was delightfully planned and enjoyed by all. Another party will be entertained this evening.

Deserters Captured.

Marshal Favor yesterday ran in two suspicious looking men who have been hanging around town and who wear the uniform of a private in the U. S. A. A telegram to Fort Riley brought a reply ordering the holding of the men who are named McCue and Teer, until an adjutant can be sent for them.

THANKSGIVING FOOTBALL.

The County High School Comes Out a Winner.

The Thanksgiving game of football between the Abilene and county high schools took place yesterday morning and was witnessed by a large number of enthusiasts who endured the cold in order to see the sport. The Chapman team had all the advantage of weight and strength as well as the assistance of one of the school's teachers, Mr. Carter, strong enough to carry half the Abilene team on his shoulders. Abilene was indeed lucky to score at all and 18 to 6 was not a bad record.

There was altogether too much quarreling and "scrapping" on the outside and the field should have been surrounded by a barbed wire fence to keep spectators out of the players' way. The history of the game was as follows:

First half - Game called at 9:20 a, m. Abilene got the ball and forming a Cornell wedge made a run 20 yards but Odle, of Chapman, gaining possession of the ball galloped down the field five yards ahead of the Abilene boys and made a touch down. Lank failed to kick goal. Score: Chapman, 4; Abilene, 0,

Abilene again takes the ball and uses the Cornell wedge for a gain of 15 yards. Abilene fails to make 5 yards in three downs and loses ball. Chapman gains very slowly by sheer hard work of Carter's and gained enough only to retain the ball and make a touch down, Abilene fighting every inch of gound. Lank kicks goal. Score: Chapman, 10; Abilene, 0. Abilene took the ball and made a run of 14 yards on the flying wedge and retaining ball gained steadily and when about 7 yards from the goal line Ed. Smith took the ball around the end and over the line but was tackled and drop ping the ball Hurd secured it and made a touch down. This play was the best made during the game. Schriner kicks goal. Score: Chapman, 10; Abilene, 6. Chapman gets the ball but time is called with the ball in Abilene's territory.

Second half-Chapman took the ball and changing front got the wind in their favor and by hard work finally got Carter in position to crawl over the ine and make a touch down. Chapman failed to kick goal, Score: Chapman, 14; Abilene, 6.

Abilene took the ball losing it on downs. Chapman pushed Carter again and again through Abilene's line and made a touch down after the most persistent resistance. Score: Chap man, 18; Abilene, 6. Abilene getting the ball soon loses it and Chapman makes a few yards gain. Time was called with the ball near the center of

GIVING THANKS.

Reasons for Proper Offerings Due Union Services With Appropriate Music and Addresses.

The sudden change of the weather from balmy springlike airs to a roaring norther did not deter the devout from offering thanks to the Giver of all good. The union service in the Presbyterian church was well attended and was both appropriate and interesting.

The cousical program was especially fine and was rendered by the following choir:

Mesdames H. J. Hodge and M. H. Hewett, sopranos; Mrs. F. B. Glimpse and Miss Grace Peters, altor; H. J. Hodge and R. L. Broughton, tenors: J. T. Robinson and M. H. Hewett, bases; Miss Minnie Parent, organist; Mrs. W. G. Cowles, soloist.

Mr. Blaize had occasion to drive several miles during the storm and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaize sent to the nearest drug store and got a bottle of Chamberlein's Cough Remedy, of which he had often heard, and took a number of large doses. He says the effect was wonderful and in a short time he was breathing quite easy. He kept on taking the medeine and the sext day was able to come to Des Moines. The steamship Petersburg, of the Russian volunteer fleet, had a unique experience near Minicoy, in the South Indian ocean, says Chambers' Journal. A sharp shock was felt by all on board and she stopped as though gripped in a vise. The sea was found to be colored with the life-blood of two huge whales, which lay floating in their last agony. One was cut through by the steamer's singr stem and the other killed by re-peated blows of the screw propeller. The Terman steamship Waesland,

The German steamship Waesland, bound from Antwerp to New York, ran into and killed a sleeping whale. A small steamer, the Kelloe, collided with a whale near Seaham harbor and wounded it badly. The celebrated yacht Genesta narrowly avoided collision with a dead cetaour island. In 1889 a Shields steam-ship, the James Turple, nearly cut a whale in two one starlight night. The schooner O. M. Marrett was almost wrecked by passing whales in the north Atlantic. Many of the school trook her represently with such vice struck her repeatedly with such vio-lence that her whole hull shook and articles in the officers' rooms were thrown to the floor.

In 1890 a small sailing vessel, the Ocean Spray, bound from Galveston to England, struck a sleeping whale and

England, struck a sleeping whale and received damage. On the morning of the 17th of July, a whale fifty feet long made its appearance close alongside the steamship Port Adelaide Capt. C. M. Hepworth, R. N. R., in 42 degrees south, 75 degrees east. He followed the vessel for four days, never more than seventy yards away, and generally close astern, much to the edification of numerous passengers. He threw up the sponge in 41 degrees south, 97 de grees east, after traveling nine hun-dred and eighty statute miles, cer-tainly without resting and apparently fasting

In November the ship Earnock, Capt. south, 21 degrees west, when a large whale lashed the sea into foam with his tail so near the ship that the chief officer, who happened to be below forward, came quickly on deck to see what had happened. He actually felt the impact of the water against her bows.

In June, 1801, while her majesty's ship Immortalite was steaming from Arosa bay to Gibraltar at the rate of twelve knots an hour, she stopped short as though a submerged danger had been located. It was presently found that she had cut deeply into a whale, and it became necessary to go astern in order to get rid of the incum-brance. Four months later the Anchor line steamship Ethiopia collided with a whale when about eight hundred miles from New York.

THE USE OF PAPER MONEY. Common to Nearly All Civilized Countries -Issues to Various Nations

Almost, if not quite, all civilized countries use paper money to facilitate payments within their own jurisdictions, says the St. Louis Globe-Demo-crat. The United States uses paper money to a greater extent than any other country, and in notes of smaller denomination than any other country of equal importance. All of our paper of equal importance. All of our paper bills except the gold certificates are in the denominations of \$1, \$2, \$5, \$10, \$20. the denominations of \$1, 25, 35, 510, 220, \$50, 310, 820, 350, 310, 320, our gold certificates do not appear in denominations less than \$20. The Dominion of Canada issues \$1 and \$2 notes, and various banks issue notes varying from \$5 to \$1,000. Mexico issues paper money of 10 pesos and upward and the Santh American states. South American states issue paper of similar denominations. The Bank of England issues all English notes in denominations of £5, £10, £20, £30, £100, £200, £300, £300 and £1,000. The banks of Scotland and Ireland issue notes of £1 and upward. The Bank of France zes notes for 50 francs, 100, 200, 500 issues notes for 50 franca, 103, 200, 500 and 1,000 francs. The Bank of Belgium issues notes of 20 francs and upward. Italian banks lesse notes of 1 lire and upward to 1,000 lire. The Bank of Germany puts out notes for 5 marks and upward to 1,000 marks. Austria issues notes of 1 guilden and upward. Rusch is the only European country which issues government notes, its paper money being of the denomination of 1 rubic and upward. Sweden, Norway and Denmark issue by their banks notes for 5 krone, 10, 25, 50 and 100 krone. India does not issue paper router nor does Chira, now Japan. money, nor does thins now.
